Green Bay Curling Club's 3rd Annual Tailgate Open Summer Spiel

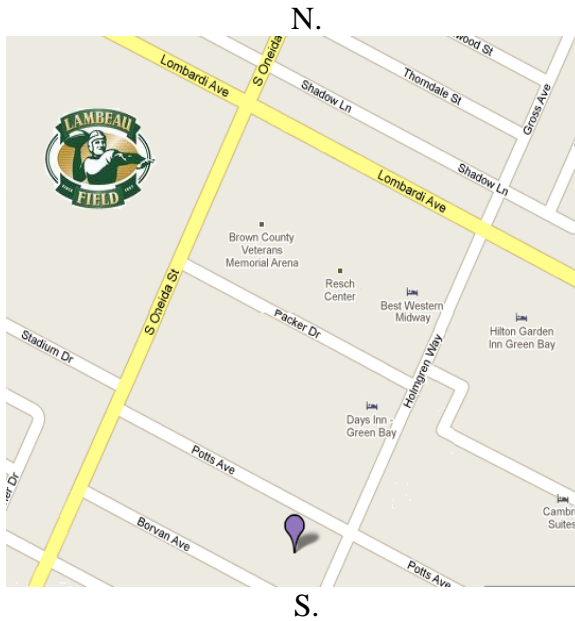

"In the Shadows of Lambeau Field"

July 16-18, 2010

The Green Bay Curling Club

Located just 3 blocks from historical Lambeau Field, home of the Green Bay Packers, the Green Bay Curling Club has a rich history of traditional curling and innovative ideals to maintain their ice house year around.

Established in 1958, with just two sheets of ice the club began its humble beginnings. In 1993 a third sheet was added and in the summer of 2004, the clubhouse was razed and rebuilt in just two and a half months. That set the stage for a de-humidification system to be installed in 2008. Since the summer of 2008, the Green Bay Curling Club is the only curling club in the United States with year-around ice. To support our club in the summer, we run leagues, bonspiels and do rentals.
